

Salaried GP Vacancy: 6 Sessions per week

Much Wenlock & Cressage Medical Practice

Much Wenlock and Cressage Medical Practice, a rural practice based in Shropshire, are looking to recruit an enthusiastic, caring and highly motivated salaried GP to join our team, with a view to possible partnership.

We are a friendly, supportive and progressive practice, with a highly skilled clinical team consisting of 4 partners and 3 salaried GPs working alongside nurses, HCA's, dispensers and an administration team dedicated to giving the best possible holistic care to our local community.

The Surgery

We are a member practice of Our Health Partnership, the largest super-partnership in the UK.

We have a patient population of 8,000 and the practice is based over 2 sites, one of which is dispensing.

We enjoy teaching and are a training and research practice with strong links to Keele Medical School; trainees include medical students, nursing students and GP registrars.

Our partners have special interests in Minor surgery, Women's Health, including full family planning, Palliative Care, Dementia, Medical Education, ENT and MSK. We encourage and support the development of special interests in our clinical team.

Our clinical system is EMIS Web and we have recently implemented a document workflow management system to reduce administrative pressure.

We are high QOF achievers and have a CQC Rating of Good.

We provide care to two local residential and nursing homes and also a college for international students.

The Role

The successful candidate will cover, in addition to surgeries, on call sessions, home visits and relevant administrative work over six sessions per week.

Terms and conditions will be based on the BMA model contract. Salary scale dependent upon experience.

For further information or to arrange to meet members of the Practice team for an informal discussion, please contact our Practice Manager; Sarah Hope:
